

Facing the Future: Standards for children with ongoing health needs Implementation Plan

Service level: Supporting services to implement the standards

Outcome	Output
Services are able to benchmark service provision	<p>Workforce implications: Modelling of the implications of the standards on the paediatric, GP and children’s nursing workforces.</p>
	<p>Audit of the standards: Audit of the standards across the UK by RCPCH, RCGP, RCN, RCP, RCPsych in 2020 with evidence informing an update or revision in 2021.</p>
	<p>Invited Reviews Service: The RCPCH’s <u>Invited Reviews Service</u> aims to support healthcare organisations and teams to resolve concerns or benchmark service provision, including safety, training, compliance with standards and proposals for reconfiguration, expansion or service design.</p>
Services are supported to develop networks.	<p>Bringing Networks to Life: <u>Bringing Networks to Life</u> provides advice, checklists and examples to aid clinicians in developing and maintaining networks to provide services across a large geographical area.</p>
	<p>RCPCH & BSPGHAN standards:</p>

engaged and influenced.	Publicity: Raise the profile of the standards through comment pieces and interviews in key trade press and by attending key events.
	Individual meetings with key stakeholders across the four nations: A targeted approach and dialogue with identified key stakeholders across the four nations. For example, the RCPCH are working with Professor Ted Baker to ensure our standards are shared with the CQC alongside any themes from the results of our audits.

Ensuring children and their parents and carers know the quality of care they can expect and helping to change behaviours

Children and their parents and carers know the quality of care they can expect from children's services.

Children's and parents and carers' version of the standards:
